**TCWGlobal can help you payroll your interns remotely, domestically and internationally in more than 150 countries.**

Aside from being the legal W-2 employer, we have several unique benefits to assist both the student and client company.

TCWGlobal utilizes a paperless online enrollment process for same day onboarding of workers. This can be done from anywhere in the world, at any time! Co-ops and interns also receive an end of assignment letter which can be used at educational institutions or for future employers. The end of engagement letter can also be accompanied by evaluation surveys from the student's supervisors at the client company. Both provide the student with the prestige and satisfaction of completing the co-op or internship program. TCWGlobal eases the administration burden and liability of employing co-ops and interns through a seamless process for both clients and students.

In addition, TCWGlobal offers clients many conveniences:

- 1 Consolidated billing to client
- 2 Per-diem, bonus, travel expense, and visa management
- 3 Ability to pay in multiple currencies as well as manage programs abroad
- 4 Unique onboarding process customized to meet your specific cultures and requirements
- 5 Online time keeping and approval system
- 6 Enterprise level reporting, EDI, PO and job costing
